HORIZON**

DISCOVER

Next Horizon

The Ténéré can trace its roots back to the launch of XT500 enduro-adventure bike in 1976. With its strong torque and compact chassis, this versatile single cylinder 4-stroke became an instant success. In many countries throughout Europe the XT500 was Yamaha's best-selling model during the late 1970s – with over 60,000 sold in France alone during its 14-year production run.

Its go-anywhere ability, rugged design and outstanding reliability opened up a new

world of adventure to many motorcycle riders – and these same qualities made it the ideal choice for competitors in the first Paris-Dakar Rally, which was won by Frenchman Cyril Neveu on a Yamaha XT500.

Quickly establishing a reputation as the toughest desert rally bike, the XT500 became the default model for adventure seeking riders and rally racers alike, and today it is considered to be one of the most significant and iconic motorcycles of the

late 20th century, with active owners clubs throughout the world. By the end of the 1970s the XT had achieved legendary status amongst Europe's riders, and in 1983 Yamaha introduced the XT600Z, which became the company's first Adventure bike to carry the Ténéré name – a Tuareg word meaning "desert" or "wilderness".

**Beyond the Next
Horizon**

Ténéré 700 World Raid

This is the latest long distance adventure motorcycle from Yamaha that has the power to change the way you explore our planet. Equipped with high capacity dual fuel tanks and long travel suspension that can take you further than ever, the Ténéré 700 World Raid gives you the chance to discover what's beyond the Next Horizon.

Its large capacity 23-litre dual fuel tanks give a range of up to 500 kilometres – making it possible to cross huge areas of wilderness without worrying about running dry. To keep you informed there's a new 5" TFT colour display with text and incoming phone alerts so you can always stay in touch wherever you go.

Exclusive features include an Öhlins steering damper as well as fully adjustable long-travel front and rear suspension that's designed to handle tough off-road terrain – and the 3-mode ABS gives confidence in all conditions. All this bike is missing is a rider like you who has the courage to break out of your comfort zone and go beyond the next horizon.

23-litre dual side-mounted fuel tanks

The Ténéré 700 World Raid is equipped with dual side-mounted 23-litre fuel tanks that give a potential range of up to 500 km. Located low on the chassis, this large capacity design centralises the mass for agile handling. The highest part of the tank sits much lower than on the Ténéré 700 to give a smooth transition between the front of the seat and the tank for easy rider mobility.

Flat Rally inspired 2-piece seat

This design enables the rider to move backwards and forwards with minimal effort when shifting their body weight to maintain control on rough terrain, and the new ergonomics are suited to both sit down and stand up riding positions. The new seat's 2-piece design allows for the easy removal of the rear section to enable the fitment of accessories such as a rack or luggage, and the dual material construction is designed to offer a firm but comfortable ride.

5" colour TFT with mobile connectivity

The 5" colour TFT display offers you three different screen displays – from a contemporary digital design to a more traditional analogue look and there's also a roadbook style screen with countdown tripmeters. The bike's CCU communicates with the MyRide app so that text messages and incoming call alerts are displayed on the screen, keeping you connected at all times.

3-Mode switchable ABS

3-mode switchable ABS gives you the option to decide exactly how you want your bike to behave on different surfaces. Mode 1 is fully on, with ABS working on both wheels – a legal requirement on public roads. Mode 2 is front wheel on rear wheel off, giving added confidence on loose gravel tracks and Mode 3 is fully off, giving you ultimate controllability when riding in the dirt.

High specification 43mm KYB front forks, 230mm travel

For predictable off-road handling and easy steering the Ténéré 700 World Raid is fitted with 43mm KYB front forks with extended 230mm travel that offers full adjustability for spring preload, as well as compression and rebound damping – enabling you to set them up to match different loads, terrain and speeds. A dark bronze coloured Kashima coating on the outer tubes gives reduced stiction for smoother action, and also offers improved durability and corrosion resistance.

Öhlins adjustable steering damper

Mounted close behind the upper triple clamp, the compact and lightweight Öhlins steering damper provides added chassis controllability – particularly in challenging off road terrain. Its 18 different damping settings allow you to select your preferred level of feel and feedback.

Aluminium piggyback rear shock, longer 220mm travel

The rear suspension system uses a redesigned linkage as well as a new rear shock equipped with a piggyback reservoir and an aluminium body that ensures consistent damping. A larger bump stop is used to handle rough terrain, and the World Raid's new shock gives 220mm rear wheel travel, 20mm more than the Ténéré 700.

High-torque EU5 CP2 engine

When you've experienced the EU5 CP2 2-cylinder 689cc engine with its 270° crank you'll understand why it's one of Yamaha's most successful units. There's strong linear torque throughout making it an effective and controllable performer off road and its excellent fuel economy together with compact dimensions and a low weight make it the ideal adventure powerplant.

Ténéré 700 World Raid Enduro Pack

Ready for some serious off road riding? Then you are in the right place.

Take your Ténéré 700 World Raid to the next level with the Enduro Pack and enjoy the adrenaline rush.

The skid plate, chain guide, chain guard and radiator protector are there to safeguard important elements of your bike during hard enduro riding. And while the rubber pads provide more grip for improved control, as well as offer paint protection, the high fender ensures a clean way out of muddy situations.

Ténéré 700 World Raid Adventure Pack

The Ténéré 700 World Raid is the ultimate Adventure motorcycle that can make the world seem a much smaller place. So we have created the Adventure Pack for all the thrill-seekers out there who are eager to wander into new horizons.

Front and panel guards provide additional protection to the front & body panels, fuel tank and radiator.

And while the soft bag set (22L each) ensure you have enough space to pack up everything you need and venture into unforgettable adventures, the side stand extender allows better improved stability for parking.

Got caught up in the dark? The led fog light kit makes sure you stay safe by providing extra light and visibility.

Ténéré 700 World Raid Explorer Pack

The Ténéré 700 World Raid is built to fill your life with new horizons, and that's why the Explorer Pack contains carefully selected accessories to support this journey of discovery.

While the aluminium side cases with 74L capacity ensure you have enough space to pack up and go at a moment's notice, the main stand kit provides improved stability for parking – even with all your luggage.

For when you are ready to explore your limits with hard off-road riding, the skid plate is there to safeguard the engine and frame of your Ténéré.

And lastly, the fully adjustable add-on screen provides extra protection during bad weather, so you can keep enjoying your adventure.

Ride the Legend

Ténéré 700 Rally Edition

When the first Dakar Rally took place back in 1979 it gave the Yamaha XT a chance to prove itself in the world's toughest race. XT riders won this legendary event in '79 and '80, and inspired the development of the original Ténéré in 1983 – Yamaha's iconic adventure bike that changed the world of motorcycling.

40 years on, the Yamaha Ténéré 700 is capturing the imagination of a new generation of riders who want to discover what's over the next horizon. And the exclusive Yamaha Ténéré 700 Rally Edition comes with heritage rally colours and a high standard specification.

Featuring white and red racing livery, speedblock graphics and gold rims, the Ténéré 700 Rally Edition pays tribute to the factory bikes raced in Dakar. With its premium components and pure Ténéré DNA, this is Yamaha's ultimate middleweight adventure bike.

Heritage White colours

Featuring a modern translation of the legendary and striking white and red combination that was used for early Ténéré models racing the Dakar. Based on these early Dakar colours the very first production XT600 Ténéré of 1983 also proudly featured this colour combination: White-red contrast, gold rims and speedblock design (also inspired by Dakar heritage). Details in finishing such as the black handlebars complement the overall design.

Dedicated Rally seat

The dedicated one-piece Rally seat offers a slightly higher and straighter riding position for easier body movement and more comfort for those long expeditions. At 895mm, the Rally seat is 20mm higher than the standard seat. Dual material finish and white printed YAMAHA logo give enhanced Rally image.

Akrapovič slip-on muffler

Sporty and lightweight slip-on muffler by Akrapovič combines performance with rally looks and a beautiful throaty-rich sound, without being loud. Fully street legal, includes carbon heat shield and silencer clamp and non-removable Db killer.

Heavy-duty skid plate

Heavy duty 4mm thick aluminium skid plate, offering extra protection for engine and frame during challenging off-road trips. Convenient toolbox can be added optionally using the mounting points on this skid plate.

Radiator protector

Stylish aluminium cover that protects the radiator from small stones and twigs. Compact and lightweight design with a special coating for durability.

Chain guard

Stylish laser cut aluminium chain guard.

LED flashers

Compact flashers front and rear featuring 9 LEDs per blinker.

Grip pads

Rubber profiled grip pads for maximum knee grip during stand-up riding.

**The Next Horizon is
Yours**

Ténéré 700

When you're riding the Ténéré 700, your future can be whatever you want it to be. Because this is a go-anywhere motorcycle that enables you to live life without limits, and experience a new feeling of total freedom.

Driven by a high-torque 689cc 2-cylinder EU5-compliant engine equipped with a special optimised transmission that gives you the ideal balance of power and control, this rally-bred long distance adventure bike is built to master a wide range of riding conditions on the dirt or asphalt.

The compact tubular chassis and slim bodywork offer maximum agility during stand up or sit down riding – and long travel suspension and spoked wheels give you the ability to get to anywhere you want. Just fill up and go! The Next Horizon is Yours.

689cc 4-stroke CP2 EU5 engine

Riding across deserts, through mountain trails or along the motorway, the Ténéré's 689cc 2-cylinder crossplane philosophy EU5 engine gives you instant power that can respond to every situation. And with its strong, linear torque and optimised transmission, this lightweight go-anywhere adventure bike gives you total control in every riding environment.

Double cradle tubular steel frame.

When you find yourself in challenging off road situations you'll appreciate the compact dimensions of the Ténéré 700's rugged double cradle tubular steel frame. Its short wheelbase and slim body gives you superb agility in technical riding situations – and with 240mm of ground clearance it's built for extreme terrain.

Slim and compact body and flat seat.

For maximum agility the Ténéré 700 has a flat seat and narrow body that make it easy to shift your weight around – whether you're sitting down or standing up on the footpegs. Its relaxed riding position ensures all-day comfort, and the slim 16-litre long-range tank gives excellent knee grip, for precise control on every type of surface.

Rally-bred face, with 4-LED headlights.

Yamaha has been one of the leading names in the rally world for over 40 years – and the Ténéré 700's aggressive face is inspired by the latest Dakar factory race bikes. Featuring a powerful and iconic 4-LED headlight design that illuminates the darkest wilderness, this forceful and distinctive look underlines the bike's pure rally-bred technology.

Long-travel, upside-down forks.

Check out the race-bred front suspension, and it's clear that this lightweight adventure bike is built to take on the most hostile terrain! Equipped with flex-resistant 43mm tubes and offering 210mm of front wheel movement that gives a smooth ride with lightweight steering, these adjustable upside down forks can handle whatever you may encounter on your adventures!

Remotely adjustable rear shock absorber

The sophisticated rear suspension is designed to give you a smooth and stable ride in a variety of conditions on the dirt or highway – whether you're riding solo or carrying a passenger and luggage. Offering 200mm of wheel movement, this rally-bred system features a convenient, remote adjuster, enabling you to adjust the settings while you're on the go.

Rally-style cockpit

Every feature on the Ténéré 700 - including the rally-style cockpit, with tapered handlebars - has been thoroughly tested and evaluated, over the toughest terrain, on the prototype Ténéré 700 World Raid model. Developed using valuable input from adventure riders all over the world, the cockpit combines excellent functionality with race-bred looks.

21-inch/18-inch spoke wheels.

Just like Yamaha's factory rally race bikes, the Ténéré 700 is equipped with a 21-inch front wheel and an 18-inch rear wheel that combine low weight with immense strength and excellent shock resistance. And for high levels of traction and durability on the dirt and street, these spoked aluminium wheels are fitted with Pirelli Scorpion Rally tyres.

Ténéré 700

Midnight Black

Ténéré 700 Accessories

Explorer Pack

Ténéré 700 is built to take you off the beaten track and move you over to new horizons. The Explorer Pack contains the complete ensemble of accessories to support this journey of discovery. The aluminium side cases with 72L capacity ensure you have enough space to pack up and go at a moment's notice. To carry even extra luggage, the Explorer Pack features an easily mountable mono seat rack, with flat surface, that allows faster setting up of additional bags. With all that luggage, it's imperative to have good bike stability when parked and that's why the Explorer Pack is equipped with a center stand. For added protection, the pack also features a skid plate and an engine guard, so your Ténéré 700 can withstand those long-distance travels. Are you ready to make the next horizon yours?

Rally Pack

With its off road credentials, the Ténéré 700 is meant to be ridden dirty! To give you and your motorcycle that edge of the seat adrenaline rush, the Rally Pack offers some of the most exciting and sporty Yamaha Genuine Accessories. Giving you freedom to change riding position dynamically, the rally seat increases the authentic rally look of your Ténéré 700. To make it also sound like a true rally machine, the Akrapovič slip-on gives a throaty-rich exhaust note. Taking your bike off road can push the drive-train to its edges, and this is why the chain guide, chain guard and radiator protector are there to safeguard important elements of your Ténéré 700. For a sharp and dynamic look, the Rally Pack also includes number plate holder, tank pad and LED blinkers. The Rally Pack is your ticket to the ultimate sideways drifting action!

Build your dream collection with the free MyGarage app

The MyGarage app is the best way to build your dream collection of Yamaha motorcycles – and it's totally free and available for both iOS and Android! Download the app and you're ready to start creating your very own personalised Yamaha.

With MyGarage you can add or remove a wide range of Genuine Option accessories and view the bike from any angle.

Once you've created your dream bikes you can save them and share with friends – and when you've made the final decision on which version is right for you, simply send it to your Yamaha dealer who will turn it into reality.

MY GARAGE

BUILDING BIKES TO BELIEVE IN

MyRide: Take your ride to the next level!

Developed exclusively by Yamaha and available free of charge for both iOS and Android, MyRide App allows all riders to enrich their riding experience, no matter what brand of motorcycle or scooter they own.

With the Yamaha MyRide app, riders can track and analyse in real time their riding performance like lean angle, acceleration and speed through to elevation and braking force making every journey even more rewarding.

Furthermore every ride can be shared with other MyRide users or on social media and, the route can also be exported in to GPX format file. In this way motorcyclists can find new routes and adventures to explore as well as connect with a worldwide community of passionate riders.

YOU

Yamaha Offers You

YOU YAMAHA MOTOR SERVICES

Yamaha Offers You

YOU is a full range of premium services that makes every aspect of buying and owning a Yamaha even easier. We want to ensure that you always have an enjoyable experience whenever you come across a Yamaha product.

YOU services make the purchase of every Yamaha more accessible – and Yamaha owners can benefit from the peace of mind that comes with every YOU product.

Take a closer look at the range of YOU services, and you'll see that it is more than buying a Yamaha, but the beginning of a long and lasting relationship.

For more detailed information please consult your local Yamaha dealer or visit our website: www.yamaha-motor.eu/gb/en/services

Yamaha Motor Factory Warranty

When you buy any new Yamaha you can be sure that premium quality and class leading reliability come as standard. And you will also benefit from the added reassurance of a full Yamaha Motor Factory Warranty that covers all parts and labour costs in the unlikely event that your Yamaha requires any unforeseen repairs. *

Yamaha Motor Extended Warranty

We want to make sure that you get maximum enjoyment from your new Yamaha, so upon your purchase Yamaha offers a Yamaha Motor Extended Warranty, to experience carefree riding and the added peace of mind that comes with up to 36 months extra warranty cover! *

Yamaha Motor Road Assistance

If you ever need help in the event of a breakdown you can be sure that we're only a phone call away. Every Yamaha that's protected by a Factory Warranty is automatically covered by Yamaha Motor Road Assistance. And we'll be right there, whenever you need us. *

Yamaha Motor Finance

Yamaha offers a selection of financial services to make the ownership of a Yamaha even more accessible. Yamaha Motor Finance can be tailor-made to suit your circumstances and lifestyle, giving you total flexibility. *

Be Smart. Keep it Genuine.

To ensure that your Yamaha delivers optimum performance with long-term reliability, we recommend that you always use Yamaha Genuine Parts. Our high-quality spare parts comply with proven safety standards, fit perfectly and have a high resistance to wear - giving you peace of mind.

By using an Official Yamaha Dealer for servicing, you can be sure that all maintenance is carried out by highly skilled Yamaha Technicians using Genuine Parts and Yamalube products.

Our technicians are regularly trained at the Yamaha Motor Academy, giving them the expert knowledge and in-depth experience needed to keep your Yamaha in factory-fresh condition. For more detailed information please consult your local Yamaha dealer or visit our website.
