

2023 Adventure

# EXPLORE

## Seek your own adventure

With a rich heritage going right back to the legendary XT500 that won the very first Paris-Dakar rally, Yamaha's Adventure bikes are in a class of their own.

Developed with nearly 50 years' experience in building rugged and reliable motorcycles, the Ténéré 700 is the most accomplished Adventure bike ever built by Yamaha. Its torque-rich 690cc CP2 engine produces a wide band of smooth and controllable power that's ideally suited to everything from technical off-roading through

to highway cruising. And its rugged chassis is equipped with premium long travel suspension capable of mastering extreme terrain.

Ténéré 700's remarkable performance has been demonstrated by factory rider and brand ambassador Pol Tarrés who became the first person to race a 2-cylinder machine in the Erzbergrodeo. In the Ténéré World Raid Rally Team, Pol and Tunisia Desert Challenge winner Alessandro Botturi competed in the Africa Eco Race where they achieved outstanding results –

while legendary globetrotter Nick Sanders has just completed yet another world tour on his super-reliable Yamaha.

Featuring new smartphone connected TFT meters, as well as switchable 3-mode ABS and a revised front brake lever design, the 2023 Ténéré 700 and Ténéré 700 Rally Edition offer an ever more refined riding experience. Together with the long distance Ténéré 700 World Raid, the Yamaha Adventure line gives you the ultimate choice wherever you're planning to go.

**Beyond the Next  
Horizon**

## Ténéré 700 World Raid

This is Yamaha's ultimate long distance adventure motorcycle that has the power to change the way you explore our planet. Equipped with high capacity dual fuel tanks and long travel suspension that can take you further than ever, the Ténéré 700 World Raid gives you the chance to discover what's beyond the Next Horizon.

Its large capacity 23-litre dual fuel tanks give a range of up to 310 miles – making it possible to cross huge areas of wilderness without worrying about running dry. To stay informed and in touch wherever you go, the 5" TFT colour display with smartphone connectivity shows incoming text and call notifications on screen.

Exclusive features include an Öhlins steering damper as well as fully adjustable long-travel front and rear suspension that's designed to handle tough off-road terrain – and the 3-mode ABS gives confidence in all conditions. All this bike is missing is a rider like you who has the courage to break out of your comfort zone and go beyond the next horizon.

### 23-litre dual side-mounted fuel tanks

The Ténéré 700 World Raid is equipped with dual side-mounted 23-litre fuel tanks that give a potential range of up to 310 miles. Located low on the chassis, this large capacity design centralizes the mass for agile handling. The highest part of the tank sits much lower than on the Ténéré 700 to give a smooth transition between the front of the seat and the tank for easy rider mobility.

### Flat rally inspired 2-piece seat

This design enables the rider to move backwards and forwards with minimal effort when shifting their body weight to maintain control on rough terrain. The ergonomics are suited for both sit down and stand up riding positions. The seat's 2-piece design allows for the easy removal of the rear section to enable the fitment of accessories such as a rack or luggage, while the dual material construction is designed to offer a firm but comfortable ride.

### 5" colour TFT with mobile connectivity

The 5" colour TFT display offers you three different screen displays – from a contemporary digital design to a more traditional analogue look – and there's also a roadbook style screen with countdown tripmeters. The bike's CCU communicates with the MyRide app so that text messages and incoming call alerts are displayed on the screen, keeping you connected at all times.

### 3-Mode switchable ABS

3-mode switchable ABS gives you the option to decide exactly how you want your bike to behave on different surfaces. Mode 1 is fully on, with ABS working on both wheels – a legal requirement on public roads. Mode 2 is front wheel on rear wheel off, giving added confidence on loose gravel tracks – and Mode 3 is fully off, giving you ultimate controllability when riding in the dirt.

### High specification 43mm KYB front forks, 230mm travel

For predictable off-road handling and easy steering the Ténéré 700 World Raid is fitted with 43mm KYB front forks with extended 230mm travel that offers full adjustability for spring preload, as well as compression and rebound damping – enabling you to set them up to match different loads, terrain and speeds. A dark bronze coloured Kashima coating on the outer tubes gives reduced stiction for smoother action, and also offers improved durability and corrosion resistance.

### Öhlins adjustable steering damper

Mounted close behind the upper triple clamp, the compact and lightweight Öhlins steering damper provides added chassis controllability – particularly in challenging off road terrain. Its 18 different damping settings allow you to select your preferred level of feel and feedback.

### Aluminium piggyback rear shock, long 220mm travel

The rear suspension system uses a redesigned linkage as well as a rear shock equipped with a piggyback reservoir and an aluminium body that ensures consistent damping. A large bump stop is used to handle rough terrain, and the World Raid's shock gives 220mm rear wheel travel, 20mm more than the Ténéré 700.

### High-torque EU5 CP2 engine

When you've experienced the EU5 CP2 2-cylinder 690cc engine with its 270° crank you'll understand why it's one of Yamaha's most successful units. There's strong linear torque throughout making it an effective and controllable performer off road – and its excellent fuel economy together with compact dimensions and a low weight make it the ideal adventure powerplant.

## Ténéré 700 World Raid Accessories

### Ténéré 700 World Raid Adventure Pack

The Ténéré 700 World Raid is the ultimate Adventure motorcycle, and can make the world seem like a much smaller place. So we have created the Adventure Pack for all the thrill-seekers out there who are eager to wander into new horizons.

Purpose built panel guards provide additional protection to the front & side body panels, fuel tank and radiator.

And while the soft bag set (22L each) ensure you have enough space to pack up everything you need and set forth into unforgettable adventures, the side stand extender offers improved stability for parking.

Got caught up in bad weather? The LED fog light kit makes sure you stay safe by providing extra light and visibility.

### Ténéré 700 World Raid Explorer Pack

The Ténéré 700 World Raid is built to fill your life with new horizons, and that's why the Explorer Pack contains carefully selected accessories to support this journey of discovery. While the aluminium side cases with 74L capacity ensure you have enough space to pack up and go at a moment's notice, the main stand kit provides improved stability for parking – even with all your luggage.

And when you're ready to explore your limits with hard off-road riding, the skid plate is there to safeguard the engine and frame of your Ténéré.

Lastly, the fully adjustable add on screen provides extra protection during bad weather, so you can keep enjoying your adventure.

### **Ténéré 700 World Raid Enduro Pack**

Ready for some serious off-road riding? Then you are in the right place.

Take your Ténéré 700 World Raid to the next level with the Enduro Pack and enjoy the adrenaline rush.

The skid plate, chain guide, chain guard and radiator protector are there to safeguard important elements of your bike during hard enduro riding. And while the rubber pads provide more grip for improved control, as well as offer paint protection, the high fender ensures a clean way out of muddy situations.

Ride the Legend

## Ténéré 700 Rally Edition

When the first Dakar Rally took place back in 1979 it gave the Yamaha XT a chance to prove itself in the world's toughest race. XT riders won this legendary event in '79 and '80, and inspired the development of the original Ténéré in 1983 – Yamaha's iconic adventure bike that changed the world of motorcycling.

40 years on, the Yamaha Ténéré 700 is capturing the imagination of a new generation of riders who want to discover what's over the next horizon. For 2023 the exclusive Yamaha Ténéré 700 Rally Edition comes with heritage rally colours, 3-mode switchable ABS and a refreshed TFT meter with smartphone connectivity.

Featuring white and red racing livery, speedblock graphics and gold rims, the Ténéré 700 Rally Edition pays tribute to the factory bikes raced in Dakar. With its premium components and pure Ténéré DNA, this is Yamaha's ultimate heritage adventure bike.

### Heritage White colours

Featuring a modern translation of the legendary and striking white and red combination that was used for early Ténéré models racing the Dakar. Based on these early Dakar colours the very first production XT600 Ténéré of 1983 also proudly featured this colour combination: White-red contrast, gold rims and speedblock design (also inspired by Dakar heritage). Details in finishing such as the black handlebars complement the overall design.

### Dedicated Rally Seat

The dedicated one-piece Rally seat offers a slightly higher and straighter riding position for easier body movement and more comfort for those long expeditions. At 895 mm, the Rally seat is 20mm higher than the standard seat. Dual material finish and white printed YAMAHA logo give enhanced Rally image.

### Akrapovič slip-on muffler

Sporty and lightweight slip-on muffler by Akrapovič combines performance with rally looks and a beautiful throaty-rich sound, without being loud. Fully street legal, includes carbon heat shield and silencer clamp and non-removable Db killer.

### 5-inch colour TFT with smartphone connectivity

The 5" colour TFT display offers you two different screen themes - a modern dynamic design and a more traditional look reminiscent of the analogue era. The bike's CCU communicates with the MyRide app so that text messages and incoming call alerts are displayed on the screen, keeping you connected at all times. The mobile connectivity also allows you to monitor all key parameters of the motorcycle through the app.

### 3-mode switchable ABS

The 3-mode switchable ABS allows you to adapt the bike depending on the road surface and riding style. Mode 1 is fully on, with ABS working on both wheels – a legal requirement on public roads. Mode 2 is front wheel on, rear wheel off, providing added confidence on loose gravel tracks. Mode 3 is fully off, giving you ultimate controllability when adventuring off road.

### High quality protective features

Ténéré 700 Rally Edition is equipped with carefully selected aluminium accessories that protect your bike during challenging off road riding. The heavy duty 4mm thick skid plate offers extra protection for the engine and frame. A convenient toolbox can be optionally added using the mounting points on this skid plate. Compact, lightweight and finished with a special coating for durability, the radiator cover protects against small stones and twigs. For complete protection, the bike also comes with a stylish laser cut chain guard.

### Full LED lighting

Keeping true to Yamaha's Dakar heritage, the iconic 4-LED headlight is deeply rooted in the Ténéré DNA, giving your bike a genuine rally-bred aggressive look. Together with the compact flashers at the front and rear, the powerful LED lighting of the Ténéré 700 Rally Edition will light your way through any adventure.

### Off-road finishing details

To further improve off road ability, the bike is fitted with rubber profiled grip pads for maximum knee grip during stand-up riding. In addition, the off road hand grips give better grip and control in dusty and muddy conditions.

**The Next Horizon is  
Yours**

## Ténéré 700

When you're riding the Ténéré 700, your future can be whatever you want it to be. Because this is a go-anywhere motorcycle that enables you to live life without limits, and experience a new feeling of total freedom.

Driven by a high-torque 690cc 2-cylinder EU5-compliant engine equipped with a special optimised transmission that gives you the ideal balance of power and control, this rally-bred long distance adventure bike is built to master a wide range of riding conditions on the dirt or asphalt.

The compact tubular chassis and slim bodywork offer maximum agility during stand up or sit down riding – and long travel suspension and spoked wheels give you the ability to get to anywhere you want. Just fill up and go! The Next Horizon is Yours.

#### **690cc 4-stroke CP2 EU5 engine**

Riding across deserts, through mountain trails or along the highway, the Ténéré's 690cc 2-cylinder EU5 engine gives you instant power that can respond to every situation. And with its strong, linear torque and optimised transmission, this lightweight go-anywhere adventure bike gives you total control in every riding environment.

#### **Double cradle tubular steel frame.**

When you find yourself in challenging off-road situations you'll appreciate the compact dimensions of the Ténéré 700's rugged double cradle tubular steel frame. Its short wheelbase and slim body gives you superb agility in technical riding situations – and with 240mm of ground clearance it's built for extreme terrain.

#### **Slim and compact body and flat seat.**

For maximum agility the Ténéré 700 has a flat seat and narrow body that make it easy to shift your weight around – whether you're sitting down or standing up on the footpegs. Its relaxed riding position ensures all-day comfort, and the slim 16-litre long-range tank gives excellent knee grip, for precise control on every type of surface.

#### **Rally-bred face, with 4-LED headlights.**

Yamaha has been one of the leading names in the rally world for over 40 years – and the Ténéré 700's aggressive face is inspired by the iconic Dakar factory race bikes. Equipped with full LED lighting and featuring a powerful and iconic 4-LED headlight design that illuminates the darkest wilderness, this forceful and distinctive look underlines the bike's pure rally-bred technology.

#### **Long-travel, upside-down forks.**

Check out the race-bred front suspension, and it's clear that this lightweight adventure bike is built to take on the most hostile terrain! Equipped with flex-resistant 43mm tubes and offering 210mm of front wheel movement that gives a smooth ride with lightweight steering, these adjustable upside down forks can handle whatever you may encounter on your adventures!

#### **Remotely adjustable rear shock absorber**

The sophisticated rear suspension is designed to give you a smooth and stable ride in a variety of conditions on the dirt or highway – whether you're riding solo or carrying a passenger and luggage. Offering 200mm of wheel movement, this rally-bred system features a convenient, remote adjuster, enabling you to adjust the settings while you're on the go.

#### **3-mode switchable ABS**

For outstanding performance on any road surface, the Ténéré 700 features a 3-mode switchable ABS. Mode 1 is fully on, with ABS working on both wheels – a legal requirement on public roads. Mode 2 is front wheel on, rear wheel off, providing added confidence on loose gravel tracks. Mode 3 is fully off, giving you ultimate controllability when adventuring off road.

#### **5-inch colour TFT with smartphone connectivity**

The 5" colour TFT display offers you two different screen themes - a modern dynamic design and a more traditional look reminiscent of the analogue era. The bike's CCU communicates with the MyRide app so that text messages and incoming call alerts are displayed on the screen, keeping you connected at all times. The mobile connectivity also allows you to monitor all key parameters of the motorcycle through the app.

## Ténéré 700 Rally Edition & Ténéré 700 Accessories

### Ténéré 700 Rally Pack

With its proven off-road credentials, the Ténéré 700 is meant to be ridden dirty! To give you and your motorcycle that edge of the seat adrenaline rush, the Rally Pack offers some of the most exciting Yamaha Genuine Accessories currently available. Giving you freedom to change riding position dynamically, the rally seat increases the authentic rally look of your Ténéré 700 whilst offering improved ergonomics. And to make your Ténéré 700 sound like a true rally machine, the Akrapovič slip-on offers a throaty-rich exhaust note. Taking your bike off-road can push certain components to their limits, and this is why the chain guide, chain guard and radiator protector are a valuable addition to help safeguard important elements of your Ténéré 700. And for increased grip and protection against scratches, the Rally Pack also includes a tank pad. Finally, the licence plate holder gives a sharp and dynamic look to your bike.

### Ténéré 700 Explorer Pack

Ténéré 700 is built to take you off the beaten track and move you over to new horizons. The Explorer Pack contains the complete ensemble of accessories to support this journey of discovery. The aluminium side cases with 72L capacity ensure you have enough space to pack up and go at a moment's notice. To carry even extra luggage, the Explorer Pack features an easily mountable mono seat rack, with flat surface, that allows faster setting up of additional bags. With all that luggage, it's imperative to have good bike stability when parked and that's why the Explorer Pack is equipped with a center stand. For added protection, the pack also features a skid plate and an engine guard, so your Ténéré 700 can withstand those long-distance travels. Are you ready to make the next horizon yours?

## **Ténéré World Raid Team Rewrite the Record Books at the Africa Eco Race**

The Yamaha Ténéré World Raid Team arrived at the end of the Africa Eco Race with riders Pol Tarrés and Alessandro Botturi finishing in 5th and 24th, respectively. They also achieved the feat of becoming the first twin-cylinder adventure bike to complete the entire rally, plus recorded a 1-2 in the +700 class.

The epic Africa Eco Race has involved 12 stages, covering over 6000km from the start in Monaco, all the way down the West Coast of Africa, through Morocco, Mauritania and then finishes in Senegal. Stirring the memories of Cyril Neveu's victory for Yamaha in the maiden Paris-Dakar rally in 1979, Tarrés and Botturi brought their Ténéré 700 World Raid bikes back to their spiritual Dakar home in the Africa Eco Race in an emotional moment for both the riders and team.

Tarrés was flying through the African desert eco rally, showing incredible speed and consistency, only finishing outside of the top 7 once, securing his maiden rally podium on Stage 9 and besting everything the rally could throw at him. Despite temperatures reaching 50 degrees Celsius, extreme humidity, the cancelled Stage 6 and the infamous dunes of Mauritania, nothing could stop his charge. The 29-year-old duelled with the 450cc bikes on several stages and came out on top, which shows just how capable the combination of the Spaniard and his GYTR-kitted Ténéré 700 World Raid bike is.

After reaching the finish line at Lac Rose, in just his second rally, Tarrés secured 5th in the general classification with a combined time of 50 hours, 16 minutes and 42 seconds. In doing so, he became the first person to complete the Africa Eco Race on a twin-cylinder adventure bike by winning the +700 class in some style, with his teammate Botturi making it a 1-2 for the Ténéré World Raid Team. In fact, Yamaha completed a lockout of the podium with Malles Moto rider Wolfgang Piccardo on his standard Ténéré 700 finishing 3rd in class.

Botturi, who won the team's first race in April, the Tunisia Desert Challenge, and was chasing a hat-trick of victories at the Africa Eco Race, experienced contrasting fortunes during the rally. The Italian showed his class by storming to victory on Stage 2 but then experienced a technical issue on the third stage that meant he lost time.

He bounced back with a podium on Stage 4 and was fighting his way back up the general classification before a broken chain on Stage 8 saw him stuck overnight in the searing heat of the dunes in Akjout, awaiting the rescue truck. Over 24 hours later, and having been forced to miss Stage 9, the 47-year-old returned to the bivouac exhausted and dehydrated from the experience, but after his team worked through the night to strip and rebuild the bike, "Bottu" showed his legendary determination to take to the start of Stage 10 and finish the rally.

His overall classification of 24th with a penalty-effected time of 96 hours, 55 minutes and 21 seconds was not representative of his pace, but the Italian and his team's inspiring never-give-up attitude ensured he joined Tarrés on the +700 class podium. Plus, achieve the aim of both riders reaching the end of the rally on their Ténéré 700 World Raid GYTR-kitted bikes.

## Your search for adventure starts here

Inside every one of us there is a real spirit of adventure and a burning desire to find out what's over the next horizon. And with this innate thirst for discovery, there is no limit to what you can achieve and how far you can go.

Yamaha's 360 degree line up of products enables you to enjoy and share a seamless range of quality experiences on land, water or snow. And to help you find out what really revs your heart, Yamaha has created a specialist adventure portal that gives you instant access to an exciting, surprising and rewarding new world.

Destination Yamaha Motor is a global online travel platform that gives every thrill-seeker the opportunity to get their adrenaline pumping and make new memories that will last forever. Working with key approved travel partners, Destination Yamaha Motor enables you to search online for the ultimate adventure be it on a motorcycle, a 4-wheeler, a boat or a snowmobile.

With a truly diverse selection of trips on offer, you can find a new experience that broadens your horizons and takes you out of your comfort zone – and you can be sure that every provider has been checked and approved by Destination Yamaha Motor, meaning that you can book with total confidence. Visit <https://destination-yamaha-motor.eu/> now and make an exciting new tomorrow with us.

# YOU

Yamaha Offers You

## Yamaha Offers You

YOU is a full range of premium services that makes every aspect of buying and owning a Yamaha even easier. We want to ensure that you always have an enjoyable experience whenever you come across a Yamaha product.

YOU services make the purchase of every Yamaha more accessible – and Yamaha owners can benefit from the peace of mind that comes with every YOU product.

Take a closer look at the range of YOU services, and you'll see that it is more than buying a Yamaha, but the beginning of a long and lasting relationship.

#### **Yamaha Motor Insurance**

Yamaha Motor Insurance is designed specifically for Yamaha owners, and simplifies the whole process of getting cover for your Yamaha vehicle.

The range of top quality products covers all aspects of Yamaha ownership, and provides you with high levels of protection at competitive rates, giving you peace of mind for more enjoyable, worry free riding.

With Yamaha Motor Insurance you benefit from an exclusive scheme and can expect a first class service from our dedicated team. \*

#### **Yamaha Motor Factory Warranty**

When you buy any new Yamaha you can be sure that premium quality and class leading reliability come as standard. And you will also benefit from the added reassurance of a full Yamaha Motor Factory Warranty that covers all parts and labour costs in the unlikely event that your Yamaha requires any unforeseen repairs. \*

#### **Yamaha Motor Extended Warranty**

We want to make sure that you get maximum enjoyment from your new Yamaha, so upon your purchase Yamaha offers a Yamaha Motor Extended Warranty, to experience carefree riding and the added peace of mind that comes with up to 36 months extra warranty cover! \*

#### **Yamaha Motor Road Assistance**

If you ever need help in the event of a breakdown you can be sure that we're only a phone call away. Every Yamaha that's protected by a Factory Warranty is automatically covered by Yamaha Motor Road Assistance. And we'll be right there, whenever you need us. \*

#### **Yamaha Motor Certified Pre-Owned**

It's only a Certified Pre-Owned Yamaha machine if it passes this painstakingly thorough examination. So you have complete peace of mind when riding your Yamaha. \*

#### **Yamaha Motor Finance**

Yamaha offers a selection of financial services to make the ownership of a Yamaha even more accessible. Yamaha Motor Finance can be tailor-made to suit your circumstances and lifestyle, giving you total flexibility. \*

## Be Smart. Keep it Genuine.

To ensure that your Yamaha delivers optimum performance with long-term reliability, we recommend that you always use Yamaha Genuine Parts. Our high-quality spare parts comply with proven safety standards, fit perfectly and have a high resistance to wear - giving you peace of mind.

By using an Official Yamaha Dealer for servicing, you can be sure that all maintenance is carried out by highly skilled Yamaha Technicians using Genuine Parts and Yamalube products.

Our technicians are regularly trained at the Yamaha Motor Academy, giving them the expert knowledge and in-depth experience needed to keep your Yamaha in factory-fresh condition. For more detailed information please consult your local Yamaha dealer or visit our website.

## A Liquid Engine Component

At Yamaha we appreciate that our products instill a unique pride of ownership amongst our customers, and in recognition of their loyalty to the brand we have developed the Yamalube range of lubrication and maintenance care products.

Our Yamaha engineers consider oil as a liquid engine component that is one of the most important parts of your Yamaha engine. Choosing Yamalube really does make a difference.

By always using Yamalube you can be sure that your engine has the potential to run at peak performance, and deliver the durability and reliability that you expect from every Yamaha. We also manufacture a range of care products that keep your pride and joy in tip-top conditions. Your local Yamaha dealer can advise you on the best Yamalube product for your Yamaha or visit our website.

Never drink or otherwise consume engine oil.
